

Joseph M. Szewczak, Ph.D.

Professor, Humboldt State University, Department of Biological Sciences, 1 Harpst St., Arcata, CA 95521
joe@humboldt.edu

Education

- Ph.D. 1991 Brown University, Department of Biology and Medicine, Providence, Rhode Island. Comparative physiology. Thesis: Acid–base state and control of breathing in the torpid bat, *Eptesicus fuscus*; Sigma Xi award for outstanding research by a graduate student.
- B.S.E. 1980 *cum laude*. Duke University, Durham, North Carolina. Major: civil engineering with emphasis in structural theory.

Professional experience

- 2011–present **Professor**, Humboldt State University, Arcata, CA. Research interests include comparative physiology, physiological ecology i.e., the interaction of the organism and its environment, wildlife biology of bats, acoustic analysis of bat echolocation calls, acoustic analysis of bird vocalizations, preventing bat mortality at wind turbines.
- 2006–2011 **Associate Professor**, Humboldt State University, Arcata, CA. Research interests include comparative physiology, wildlife biology of bats, analysis of biological signals, automated acoustic analysis of bat echolocation calls and bird song.
- 2003–2006 **Assistant Professor**, Humboldt State University, Arcata, CA. Research interests include comparative physiology, physiological ecology i.e., the interaction of the organism and its environment, wildlife biology of bats, nonlinear analysis of biological signals, acoustic analysis of bat echolocation calls.
- 1997–2003 **Research Scientist**, University of CA White Mountain Research Station, Bishop, California. Comparative vertebrate physiology and wildlife biology of bats, extremes of mammalian metabolism, and acid–base regulation in small mammals.
- 1997–2003 **Development Engineer**, University of CA White Mountain Research Station, Bishop, California. Managed Station technical infrastructure. Designed and implemented a 19 mile wireless T1 internet link to White Mountain summit (14,246 ft) capable of withstanding extreme arctic conditions and 200+ mph winds.
- 2002–Present Field course instruction for various agencies and organizations, e.g., US Forest Service, Caltrans, state wildlife agencies, The Wildlife Society. See detailed listings below.
- 1996–Present **Adjunct Associate Professor**, San Francisco State University. Course instructed: The ecology and conservation of California bats. The course prepares personnel engaged in wildlife management roles in techniques for assessing bats, their habitats, and conservation strategies; training required for obtaining a permit to work with bats from CA Dept. of Fish and Wildlife.
- 1990–1997 **Long Term Faculty**, Deep Springs College, Deep Springs, CA. Responsible for the science curriculum for a small, academically intense liberal arts colleges that emphasizes a balanced program of academics, labor, and student self–governance.
- 1991–1997 **Director’s Fellow and Research Associate**, University of CA White Mountain Research Station. Completed and published a 6 year survey of bats of the White and Inyo Mountains. Participated in cost–share survey and monitoring projects with the Forest Service, Bureau of Land Management, and California Dept. of Fish & Game.
- 1984–1990 **Teaching Assistant**; research assistant. Brown University, Dept. of Biology and Medicine, Providence, RI. Courses assisted: introductory biology, biophysics, comparative physiology, and mammalian physiology.

Recent professional activities

Reviewer, *Acta Chiropterologica*, *American Journal of Mammalogy*, *American Journal of Physiology*, *American Midland Naturalist*, *Comparative Journal of Tropical Biology, Biochemistry and Physiology*, *Great Basin Naturalist*, *Respiration Physiology and Neurobiology*, *Ostrom Symposium Volume*, *Physiological Zoology*, *Western North American Naturalist*.

National Geographic BioBlitz, Golden Gate National Park, March 28–29, 2014. First forest canopy survey in this redwood forest.

Associate Editor, *Journal of Wildlife Management*, 2004–2006.

Industry Liaison, American Physiological Society, 2002–2005.

Proposal reviews. NSF, USDA, US Department of Defense, US Department of State, International Science and Technology Center (for funding former Soviet–block peaceful technologies to prevent proliferation of weapons technologies), and the University of California.

Member, Western and California Bat Working Groups.

Contributing committee member and author to the upcoming California Bat Conservation Plan, a Department of Fish and Game directed document to direct bat conservation and management in California for the next tow decades.

Hosted a Discovery Channel show, “Nasty by Nature,” filmed on location in Belize. This show depicted the natural history and biology of vampire bats. The premiere for the show aired on February 14, 2010.

Analysis Software and Hardware. Developer of SonoBird and SonoBat software to analyze and interpret bird and bat vocalization and currently developing automated bird and bat and bird acoustic monitoring and identification methods for the Department of Defense (SERDP), California (Caltrans), and Texas (TxDOT).

I donate my time to teach workshops in bat field methodology for The Wildlife Society, 2004 to present.

Crew Leader, 2005 Bat Blitz, Ouachita National Forest, AR, August 2005.

Wildlife Biology. Courses include “Using SonoBat for Non–invasive Bat Monitoring” for the University of California, “Biology of the Chiroptera” at Humboldt State University, and “The Ecology and Conservation of California Bats” through San Francisco State University; also acoustic monitoring workshops for Bat Conservation International and other groups in California, Oregon, Arizona, Washington, South Dakota, Montana, New Jersey, and Pennsylvania.

Performed bat distribution surveys and collected baseline data for and write section of Owens Dry Lake dust mitigation EIR. The survey also determined how bats would move into the newly created wetlands, and this has become a strategy that will be used to balance the insect populations expected to follow the flood irrigation treatment.

Advise USDA Forest Service, CA Department of Fish & Game, DoD on matters pertinent to scientific permitting and wildlife management issues.

Created and supported software used for analyzing spectrophotometric data from flower petals; in use by Scott Hodges, UCSB, for his NSF project DEB– 9726272.

Talks, symposia, and field workshops

Progress and Limitations of Bat Acoustic Species Classification. Western bat Working Group Meeting, Fort Collins, CO, April 11–14, 2017.

Using Sequential Data Analysis to Assess the Performance and Limitations of Acoustic Species Classifications. Second International Echolocation Symposium, Tucson, AZ, March 25–April 1, 2017.

Some Current Issues in Bat Biology and Conservation. Department of Wildlife Biology, Humboldt State University, Arcata, CA, February 23, 2017.

More Reference Recordings Decreases, Rather than Increases, Acoustic Classification Performance of *Myotis sodalis* and *M. lucifugus*. Northeast Bat Working Group Meeting, Amherst, MA, January 13, 2017.

Managing bat acoustic monitoring data. USGS Northern Rocky Mountain Science Center, Bozeman, MT, January 9–10, 2017.

More Reference Recordings Decreases, Rather than Increases, Acoustic Classification Performance of *Myotis sodalis* and *M. lucifugus*. North American Symposium for Bat Research, San Antonio, TX, October 28–31, 2015.

Bat acoustic monitoring training workshop. Mojave National Preserve, CSU Desert Studies Center, Zzyzix, CA. October 2–4, 2016.

Eastern bats survey techniques workshop. Mammoth Cave National Park, KY. August 28–September 4, 2016.

Bat echolocation, acoustic monitoring of bats, and acoustic species discrimination. Bat Conservation and Management Workshop, Southwestern Research Station, Portal, AZ. May 22–29, 2016.

The Ecology and Conservation of California Bats. San Francisco State University. SFSU Field Campus. August 1–5, 2016.

Bat echolocation, acoustic monitoring of bats, and acoustic species discrimination. Bat Conservation and Management Workshop, Southwestern Research Station, Portal, AZ. May 21–28, 2015.

Batpouri: Bat biology, conservation, and management, and why you should care about it. Whiskeytown National Recreation Area BioBlitz, Whiskeytown, CA. May 13, 2016.

Bat acoustic data management, acoustic monitoring of bats, and acoustic species discrimination. Bat Conservation and Management Workshop, Wells, ME. April 7–9, 2016.

Bat acoustic data management, acoustic monitoring of bats, and acoustic species discrimination. Bat Conservation and Management Workshop, Duluth, MN. March 7–9, 2016.

Surveying Redwood Basal Hollows for Townsend's Big-Eared Bats. California Department of Forestry, Big Basin Redwoods State Park, CA. February 10, 2016.

Bat acoustic data management, acoustic monitoring of bats, and acoustic species discrimination. Bat Conservation and Management Workshop, Punta Gorda, FL. February 3–5, 2016.

Surveying Redwood Basal Hollows for Townsend's Big-Eared Bats. California Department of Forestry, Mendocino, CA. December 8, 2016.

Bat echolocation, acoustic monitoring of bats, and acoustic species discrimination. Bat Conservation and Management Workshop, Mammoth Cave National Park, KY. September 1–17, 2015.

Bat echolocation, acoustic monitoring of bats, and acoustic species discrimination. California Department of Transportation, Sacramento, CA. September 8–10, 2015.

The Ecology and Conservation of California Bats. San Francisco State University. SFSU Field Campus. July 14–17, 2015.

Bat echolocation, acoustic monitoring of bats, and acoustic species discrimination. Montana Natural Heritage Program, Beartooth Wildlife Management Area, MT. June 15-17, 2015.

Bat echolocation, acoustic monitoring of bats, and acoustic species discrimination. Black Hills National Forest, Rapid City, SD. June 8-10, 2015.

Bat echolocation, acoustic monitoring of bats, and acoustic species discrimination. Bat Conservation and Management Workshop, Southwestern Research Station, Portal, AZ. May 21–28, 2015.

Bat echolocation, acoustic monitoring of bats, and acoustic species discrimination. Bat Conservation and Management Workshop, Alton, IL. March 7–9, 2015.

Bat echolocation, acoustic monitoring of bats, and acoustic species discrimination. Bat Conservation and Management Workshop, Mammoth Cave National Park, KY. September 10–16, 2014.

Batpourri: an update on current issues in bat biology and conservation. Humboldt State University Wildlife Department Ecology Series. September 18, 2014.

The Ecology and Conservation of California Bats. San Francisco State University. SFSU Field Campus. July 28–August 1, 2014.

Bat echolocation, acoustic monitoring of bats, and acoustic species discrimination. Bat Conservation and Management Workshop, Southwestern Research Station, Portal, AZ. May 15–22, 2014.

Noninvasive acoustic monitoring of bats. The Wildlife Society Field Techniques Workshop. Yosemite National Park, CA. May 2–5, 2014.

Bat Ecology and Field Techniques Workshop. The Wildlife Society Bat Ecology and Field Techniques Workshop. California Department of Fish and Game Chimineas Ranch. May 29–June 1, 2014.

Acoustic identification of bats. Caveats and successes. Kentucky Bat Working Group Meeting. November, 13, 2013.

Noninvasive acoustic monitoring of bats using SonoBat software. Terre Haute, IN. March 31–April 2, 2014.

Bats in peril: Why it matters and what we can do. Humboldt State University Biodiversity Conference. Arcata, CA. October 5, 2013.

Bat echolocation, acoustic monitoring of bats, and acoustic species discrimination. Bat Conservation and Management Workshop, Mammoth Cave National Park, KY. September 6–9, 2013.

The Ecology and Conservation of California Bats. San Francisco State University. SFSU Field Campus. August 5–9 2013.

Noninvasive acoustic monitoring of bats using SonoBat software. Tirimbina Biological Reserve, Heredia, Costa Rica. September June 22–23, 2013.

Noninvasive acoustic monitoring of bats. The Wildlife Society Field Techniques Workshop. The Nature Conservancy Dye Creek Preserve, Los Molinos, CA. May 2–5, 2013.

Bat Ecology and Field Techniques Workshop. The Nature Conservancy Dye Creek Preserve, Los Molinos, CA. April 5–8, 2013.

Factors affecting bat recording quality and results. Western Bat Working Group Biennial Meeting. Santa Fe, NM. April 1–4, 2013.

Noninvasive acoustic monitoring of bats using SonoBat software. Pikeville, TN. February 11–13, 2013.

Noninvasive acoustic monitoring of bats using SonoBat software. Albany, NY. January 11–12, 2013.

Acoustic monitoring. Bat white–nose syndrome: Pathology, Epidemiology, Diagnostics, and Management. The Wildlife Society 19th Annual Conference, Portland Oregon, October 13, 2012.

Bats and transportation– assessment methods. Training workshop for Caltrans biologists. Sacramento, CA. September 10–12, 2012.

Bat echolocation, acoustic monitoring of bats, and acoustic species discrimination. Bat Conservation and Management Workshop, Mammoth Cave National Park, KY. September 6–9, 2012.

The Ecology and Conservation of California Bats. San Francisco State University. SFSU Field Campus. August 13–17 2012.

The biology of bat echolocation, acoustic monitoring of bats, and acoustic species discrimination. Bat Conservation International Acoustic Monitoring Workshop, Lava Beds National Monument, Tulelake, CA. July 12–17, 2012.

Bat Ecology and Field Techniques Workshop. The Nature Conservancy Dye Creek Preserve, Los Molinos, CA. April 19–22, 2012.

Bats. Sleight of wing, magic in the dark. King Range National Conservation Area & Lost Coast Interpretive Association Winter Lecture Series, March 6, 2012.

Noninvasive acoustic monitoring of bats using SonoBat software. The Wildlife Society, Colorado Chapter. Grand Junction, CO. February 15, 2012.

The Ecology and Conservation of California Bats. San Francisco State University. SFSU Field Campus. August 1–15 2011.

Noninvasive acoustic monitoring of bats. The Wildlife Society Field Techniques Workshop. Swanton Pacific Ranch, Davenport, CA. June 2–5, 2011.

The biology of bat echolocation, acoustic monitoring of bats, and acoustic species discrimination. Bat Conservation International Acoustic Monitoring Workshop, Tucson, AZ. May 19–24, 2011.

Noninvasive acoustic monitoring of bats using SonoBat software. Tucson, AZ. April 15–18, 2011.

Noninvasive acoustic monitoring of bats using SonoBat software. Gettysburg, PA. March 19–20, 2011.

Noninvasive acoustic monitoring of bats using SonoBat software. Laurel Caverns, PA. October 4–7, 2010.

Bats and transportation– assessment methods. Training workshop for Caltrans biologists. Sacramento, CA. September 14–16, 2010.

The biology of bat echolocation, acoustic monitoring of bats, and acoustic species discrimination. Bat Conservation International Acoustic Monitoring Workshop, Lava Beds National Monument, Tulelake, CA. August 5–10, 2010.

Pacific Northwest Bat Grid training workshop, Physiological ecology, echolocation and acoustic monitoring of bats. June 14–18, 2010. Hines, OR.

Pacific Northwest Bat Grid training workshop, Physiological ecology, echolocation and acoustic monitoring of bats. June 7–11, 2010. Ephrata, WA.

A determined determination of determinate growth in mice. UC White Mountain Research Station Physiological Ecology Symposium, Bishop, CA. June 4–6, 2010.

Physiological ecology and acoustic monitoring of bats. The Wildlife Society Field Techniques Workshop. Wildlands Conservancy Wind Wolves Preserve, Maricopa, CA. June 2–3, 2010.

Noninvasive acoustic monitoring of bats. The Wildlife Society Field Techniques Workshop. Wildlands Conservancy Wind Wolves Preserve, Maricopa, CA. May 20–23, 2010.

Bats and transportation– assessment methods. Training workshop for Caltrans biologists. San Bernardino, CA. August 11–13, 2009.

Physiological ecology and acoustic monitoring of bats. The Wildlife Society Bat Ecology and Field Techniques Workshop. California Department of Fish and Game Chimineas Ranch. July 29–August 1, 2009.

Pacific Northwest Bat Grid training workshop, Physiological ecology, echolocation and acoustic monitoring of bats. June 22–26, 2010. Hines, OR.

Pacific Northwest Bat Grid training workshop, Physiological ecology, echolocation and acoustic monitoring of bats. June 15–19, 2010. Ephrata, WA.

The Ecology and Conservation of California Bats. San Francisco State University. SFSU Field Campus. July 20–24 2009.

The biology of bat echolocation, acoustic monitoring of bats, and acoustic species discrimination. Bat Conservation International Acoustic Monitoring Workshop, American Museum of Natural History Southwest Research Station, Portal, AZ. May 11–16, 2009.

An overview of tools for assessing preconstruction bat activity at proposed wind facilities. Western Bat Working Group Bats and Wind Energy Workshop, Austin, TX. April 15, 2009.

Bats 101. Western Bat Working Group Bats and Wind Energy Workshop, Austin, TX. April 14, 2009.

The red side of green power: wind turbines, bird, and bat mortality. Redwood Region Audubon Society, Eureka, CA. November 14, 2008.

Chiropterophily: bats pollinate and disperse seeds. Humboldt Botanical Gardens Foundation Pollinators Symposium. November 8, 2008.

Bats, sleight of wing magic in the dark. Miracles and concerns. CA Department of Fish and Game, Eureka, CA. September 9, 2008.

Bat ecology and field techniques. The Wildlife Society, UC Sagehen field station, Truckee, CA. September 4–7, 2008.

The biology of bat echolocation, acoustic monitoring of bats, and acoustic species discrimination. Bat Conservation International Acoustic Monitoring Workshop, Lava Beds National Monument, Tulelake, CA. July 24–29, 2008.

The Ecology and Conservation of California Bats. San Francisco State University. SFSU Field Campus. July 14–18 2008.

Bat physiological ecology and conservation. Cal Poly, San Luis Obispo, CA. April 25, 2008.

The biology of bats. Cal Poly, San Luis Obispo, CA. April 25, 2008.

The biology of bat echolocation, acoustic monitoring of bats, and acoustic species discrimination. Bat Conservation International Acoustic Monitoring Workshop, Mammoth Cave National Park, KY. September 11–16, 2007.

Bat ecology and field techniques. The Wildlife Society, UC Sagehen field station, Truckee, CA. September 6–9, 2007.

The Ecology and Conservation of California Bats. San Francisco State University. SFSU Field Campus. July 16–20 2007.

Pacific Northwest Bat Grid training workshop, Physiological ecology, echolocation and acoustic monitoring of bats. June 25–29, 2007. White Salmon, WA.

Flying turtles and diving bats. Donald C. Jackson Symposium, Brown University, Providence, RI. June 23, 2007.

Pacific Northwest Bat Grid training workshop, Physiological ecology, echolocation and acoustic monitoring of bats. June 18–22, 2007. Prineville, OR.

The red side of green power: wind turbines, bird, and bat mortality. UC White Mountain Research Station Physiological Ecology Symposium, Bishop, CA. June 3, 2007.

Unseen and unheard: Finding bats in the night sky. East Bay Science Café, Berkeley Natural History Museums, Berkeley, CA. March, 8, 2007.

Impacts of wind energy development on nocturnal species (birds and bats). Humboldt State University Department of Wildlife, February 5, 2007.

The Ecology and Conservation of California Bats. San Francisco State University. SFSU Field Campus. July 24–30 2006.

US Forest Service Bat Grid training workshop, Physiological ecology, echolocation and acoustic monitoring of bats. Beartooth Wildlife Management Area, MT. July 10–14, 2006.

The biology of bat echolocation, acoustic monitoring of bats, and acoustic species discrimination. Bat Conservation International Acoustic Monitoring Workshop, American Museum of Natural History Southwest Research Station, Portal, AZ. June 22–27, 2006.

Pacific Northwest Bat Grid training workshop, Physiological ecology, echolocation and acoustic monitoring of bats. White Salmon, WA, June 12–16, 2006.

Pacific Northwest Bat Grid training workshop, Physiological ecology, echolocation and acoustic monitoring of bats. Redmond, OR, June 5–9, 2006..

Acoustic monitoring of bats and acoustic species discrimination. Great Swamp National Wildlife Refuge, Morristown, NJ. June, 2, 2006.

Progress in Bat Monitoring and Assessments. SERDP symposium, "Preserving our Critical Natural Resources." Washington, D.C., October 25, 2005,

Session Chair. North American Symposium for Bat Research, Sacramento, CA. 19–23 October, 2005.

Do wind turbines generate ultrasound that may attract bats? North American Symposium for Bat Research, Sacramento, CA. October 19–23, 2005.

Full-spectrum acoustic recognition of bats. The Wildlife Society Natural History and Management of Bats Symposium, Sacramento, CA. October 17–19, 2005.

The biology of bat echolocation. The Wildlife Society Natural History and Management of Bats Symposium, Sacramento, CA. October 17–19, 2005.

Physiological ecology and acoustic Monitoring of Bats. The Wildlife Society Bat Ecology and Field Techniques Workshop. University of California Hastings Natural Reserve, Carmel, CA. September 8–11, 2005.

The biology of bat echolocation, acoustic monitoring of bats, and acoustic species discrimination. Bat Conservation International Acoustic Monitoring Workshop, Barree, PA. August 8–1, 2005.

The Ecology and Conservation of California Bats. San Francisco State University. SFSU Field Campus. July 11–16 2005.

Pacific Northwest Bat Grid training workshop, Physiological ecology, echolocation and acoustic monitoring of bats. June 27– July 1, 2005, LaGrande, OR.

Pacific Northwest Bat Grid training workshop, Physiological ecology, echolocation and acoustic monitoring of bats. June 20–24, 2005, Missoula, MT.

The physiological ecology of bats; acoustic monitoring of bats. May 21–23, 2005, Rapid City, SD.

Mines from a bat perspective: the physiological ecology of roosting. Bat Conservation International Bats and Mines Symposium, Reno, NV. May 3, 2005.

Ultrasonic communication in mammals. UC, Davis Road Ecology Seminar Series. February 28, 2005.

Advancing acoustic monitoring of bats. SERDP symposium, "Preserving our Critical Natural Resources." Washington, D.C., December 2, 2004,

Assessing bat populations: Challenges and progress. HSU Wildlife Department Seminar series. October 21, 2004.

Physiological ecology and acoustic monitoring of bats. The Wildlife Society Bat Ecology and Field Techniques Workshop. University of California Hastings Natural Reserve. September 17–19, 2004. Carmel, CA.

The physiological ecology of bats; acoustic monitoring of bats. Bat Conservation and Forest Management Symposium, August 26–27, 2004, Spokane, WA.

The Ecology and Conservation of California Bats. San Francisco State University. SFSU Field Campus. July 19–24 2004.

Pacific Northwest Bat Grid training workshop, Physiological ecology, echolocation and acoustic monitoring of bats. June 17–20, 2004. La Grande, OR.

Advances in the acoustic monitoring of bats. American Society of Mammalogists. Arcata, CA. June 16, 2004.

The biology of bat echolocation, acoustic monitoring of bats, and acoustic species discrimination. Bat Conservation International Acoustic Monitoring Workshop, American Museum of Natural History Southwest Research Station, Portal, AZ. June 2–8, 2004.

Noninvasive bat monitoring. Tahoe National Forest, South Lake Tahoe, CA. May 15–16, 2004.

The physiological ecology of bats; Bat Conservation International Acoustic monitoring of bats. Bat Conservation and Forest Management Symposium, Eugene, OR, August 26–27, 2003.

The Ecology and Conservation of California Bats. San Francisco State University. SFSU Field Campus. July 28–August 1 2003.

The Ecology and Conservation of California Bats. San Francisco State University. SFSU Field Campus. July 14–20 2003.

Oregon Bat Grid training workshop, Physiological ecology, echolocation and acoustic monitoring of bats. June 17–20, 2003. La Pine, OR.

Causes and Consequences of pH Variability in Vertebrates, Experimental Biology 2003, April 11–15, San Diego, California.

The Ecology and Conservation of California Bats. San Francisco State University. SFSU Field Campus. August 12–16 2002.

The Ecology and Conservation of California Bats. San Francisco State University. SFSU Field Campus. July 22–26 2002.

Mono Basin Bird Chautauqua, June 21–23, 2002, <http://www.birdchautauqua.org/chautauquadetails.htm>

Advanced analysis techniques for identifying bat species. International Bat Echolocation Symposium and Tutorial sponsored by Bat Conservation International. April 15–17, 2002 in Austin, Texas.

Bats of Eastern California. Mono Basin Bird Chautauqua, June 21–23, 2002, <http://www.monolake.org/events/chautauqua/main.htm>

Physiological ecology of bats. UC, Davis Ecology Department. September, 2001, 2002.

The Ecology and Conservation of California Bats. San Francisco State University. SFSU Field Campus. July 16–20 2001.

Ecology and Conservation of California bats. UC WMRS Conservation Biology Symposium, 2001.

Control and Coordination of Breathing Rhythms and Mechanics Society for Experimental Biology:
August, 2000, Cambridge, UK.

The Ecology and Conservation of California Bats. San Francisco State University. SFSU Field Campus.
July 24–28 2000.

What about Bats? Sierra Nevada Aquatic Research Laboratory, May, 2000.

Acid Base State in Small Mammals. Loma Linda University, December, 1999.

Acid Base State in Small Mammals. UC, Riverside, November, 1999.

The Ecology and Conservation of California Bats. San Francisco State University. SFSU Field Campus.
July 26–30 1999.

Chaos, fractals, and you. WMRS Lecture series. April, 1999.

Phenotypic and Genotypic Strategies to Chronic Hypoxia. Society for Integrative and Comparative
Biologists, Denver, CO. January, 1999.

The Ecology and Conservation of California Bats. San Francisco State University. SFSU Field Campus.
July 27–31 1998.

The Ecology and Conservation of California Bats. San Francisco State University. SFSU Field Campus.
July 14–18 1997.

The Ecology and Conservation of California Bats. San Francisco State University. SFSU Field Campus.
July 15–19 1996.

Recent Grants and contracts

Basal hollow roost selection by the Townsend's big-eared bat and other bats on the north coast of CA	CA Dept of Wildlife	2016-2018
TX bats winter roosts prior to the arrival of white-nose syndrome	Texas parks and Wildlife	2016-2018
Townsend's big-eared bat statewide assessment	CA Dept of Wildlife	2014-2017
Bat Detection and Shutdown System for Utility-scale Wind Turbines	Electric Power Research Institute (EPRI)	2013–2015
Bat Roost and Presence Survey	Hayfork, CA	2013
Roost Survey and Post-construction Monitoring of Bats	Vasco Winds, LLC Wind Energy Center	2012–2015
Pre-construction Monitoring of Bats	Delta Winds & Montezuma Wind Resource Areas	2012–2013
Pre-construction Monitoring of Bats at Four Potential Wind Energy Sites	PG&E	2011–2012
Consulting Editor, Desert Renewable Energy Conservation Plan (DRECP)	CA Energy Commission	2012
Postconstruction effects of Highway Noise on Golden-cheeked warblers	TX Dept of Transportation	2010–2014
Montezuma Hills wind energy bat preconstruction evaluation	CA Energy Commission	2009–2011
Noninvasive bat exclusion from bridges and other structures	CA Dept of Transportation	2009–2011
Pacific Northwest Bat Grid Inventory and Monitoring Project	DoD Legacy Management Program	2008–2009
Yurok Tribe Energy Development	DOE, CA Public Interest Energy Research	2008
Effect of Hwy Noise on Golden-cheeked Warblers	TX Dept of Transportation	2007–2010
California Bat Conservation Plan	CA Dept of Fish & Game	2007–2008
Methods and Metrics for Studying Impacts of Wind Energy Development on Nocturnal Species	National Wind Coordinating Committee	2007–2008
Identification of bats for MT state heritage survey	USDA Forest Service	2006–2008
An acoustic deterrent to reduce bat mortality from wind turbines	Bat Conservation International	2005–2009
Automated Acoustic Identification of Birds	CA Dept of Transportation	2004–2008
Automated Acoustic Identification of Bats	SERDP (DOD, DOE, EPA)	2004–2009
Kentucky Mine big-eared bats	Tahoe National Forest	2004–2005
Automated Acoustic Identification of Bats	Royal Society of New Zealand	2003–2004
Bats of Hearst Castle	CA Dept of Parks and Recr.	2003–2004
Pacific Northwest Grid Bat Survey	USDA Forest Service	2002–2010

Professional recognition

2010 Certificate of Appreciation from the United States Forest Service *Wings across the Americas* program.

2009 recipient of the United States Forest Service *Wings across the Americas* award for outstanding achievement in bat conservation.

Graduate students

Amon Armstrong, (current) Basal hollow roost selection by the Townsend's big-eared bat and other bats on the north coast of California.

Alyson Brokaw, (2015) Assessing the use of social calls to attract bats to artificial roosts. Ph.D. candidate, Texas A & M University.

Daniel Burrell, (2015) Patterns of nocturnal flight calling over four sites in northern California and southern Oregon. Currently a lecturer at Humboldt State University.

Jeffrey Clerc, (2015) Applications of fatty acid signatures in tree bat migration ecology. Ph.D. candidate, Texas Tech University.

Gabriel Reyes, (2015) The behavioral function of social calls in the migratory hoary bat *Lasiurus cinereus*. Accepted a position at H. T. Harvery and Associates.

Ryan Byrnes, (2013) Assessing bioacoustic techniques for inventory and monitoring of forest owls in the central Sierra Nevada, California. Accepted a position at Swaim Biological.

Kiera A. Freeman, (2012) Roosting behavior of a maternity colony of Townsend's Big-eared bat, *Corynorhinus townsendii*.

Jean-Paul Kennedy, (2011) Bat activity across the vertical gradient of an old-growth redwood forest.

Zachary G. Loman, (2009) Response of a North American wood warbler, the golden-cheeked warbler (*Dendroica chrysoparia*) to anthropogenic noise. Earned a Ph.D. candidate at Mississippi State University.

Amy K. Tegeler-Amones, (2008) Assessing monitoring techniques for bird populations in Sierra Nevada montane meadow and aspen communities. Accepted position at Carnegie Mellon Powdermill Avian Research Center.

Cameron B. Rognan, (2007) Bioacoustic techniques to monitor great gray owls (*Strix nebulosa*) in the Sierra Nevada. Accepted position at Cornell Lab of Ornithology.

Aaron J. Corcoran, (2007) Automated identification of nine bat species of the eastern United States using full-spectrum acoustic recordings. Earned Ph.D. at Wake Forest University, currently on NSF postdoctoral fellowship.
